CITY OF MOUNTAIN VIEW
ACTION PLAN - FISCAL YEAR 2007-08

This is a one year plan which describes the eligible programs, projects and activities to be undertaken with funds expected to be made available during the program year (Fiscal Year 2007-2008) and their relationship to the priority housing, homeless and community development needs identified in the 2005-2010 Consolidated Plan. The Action Plan serves as the City's application for federal funds under the Department of Housing and Urban Development (HUD) formula grant programs and was adopted by the City Council at their meeting on *May 8, 2007*. The City of Mountain View receives Community Development Block Grant (CDBG) and HOME Investment Partnership (HOME) funds as an entitlement directly from HUD.

Citizen Participation

The lead agency responsible for overseeing the development of the Action Plan is the Neighborhoods Division of the Community Development Department of the City. The City of Mountain View followed its Citizen Participation Plan in preparing the Action Plan. A draft Action Plan was made available to the public for a 30-day review period (April 9 – May 8). No public comments were received. The City Council adopted the Action Plan at the May 8, 2007 public hearing.

A number of methods were used to inform the public about the public hearings and the draft Action Plan, as summarized below:

- A legal ad was published in the San Jose Post Record on March 3, 2007.
- Notices and funding applications were mailed to about 60 nonprofit organizations and other interested parties regarding the availability of funding and the hearing dates.
- Special accommodations and translation services were made available upon request.
- The City's bilingual Outreach Workers were available to assist non-English speaking individuals.
- Staff reports and the draft Action Plan were made available on the City's web site.
- A TDD phone line was used to facilitate communication with hearing impaired persons.

Resources

During Fiscal Year 2007-08 the City of Mountain View will have \$797,964 in CDBG and \$704,684 in HOME funds to allocate to eligible projects and programs. The City's 2007-08 CDBG entitlement is \$701,715, and the HOME entitlement is \$432,468.

The required 25% matching funds for the HOME Program will be provided from Revitalization Authority Housing Set-Aside Funds. The City has about \$500,000 in excess match funds banked from local Housing Set-Aside funds provided to the efficiency studios project (San Antonio Place).

Between Fiscal Year 2001 and Fiscal Year 2006 the City has expended \$1,458,667 in HOME CHDO funds for development of the efficiency studios project, "San Antonio Place". This funding was used by Charities Housing, a Community Housing Development Organization (CHDO), under

HOME, for development of San Antonio Place. This expenditure exceeded the required CHDO set-aside for these years of \$356,005 by \$1,102,662. Between Fiscal Year 2001-02 and 2007-08 the City's required CHDO set-aside would be \$486,054 and based on the \$1,458,667 in CHDO funds spent between 2001 and 2005, the City still has an excess CHDO expenditure of \$972,613.

For Fiscal Year 2006-07 the City had \$65,179 in CHDO funds for which there were no eligible CHDO projects and the funds were carried forward to Fiscal Year 2007-08. For Fiscal Year 2007-08 the City has an additional \$64,870 in CHDO funds available, but no eligible CHDO projects to fund. In light of the large amount of CHDO funds that were awarded to Charities Housing and used for San Antonio Place, the City will not be allocating any CHDO funds for Fiscal Year 2006-07 and 2007-08 but will instead use the CHDO funds for non-CHDO HOME projects.

The City of Mountain View intends to pursue and encourage local non-profit housing and support service agencies to pursue all available public (federal, state, local, etc.) and private funding to achieve the Consolidated Plan goals. All available funding eligible for each project will be pursued. The City will encourage non-profit entities to work with financial institutions and develop plans for leveraging private funds to the maximum extent possible considering the specific project involved.

It is anticipated that Section 8 rental housing funds, Low Income Housing Tax Credits and Competitive McKinney –Vento Homeless Assistance funds will be received for projects funded with the City's CDBG or HOME funds. The New Central Park Apartments will be receiving approximately 16.5 million in Low Income Housing Tax Credits and the future family rental housing project will also be dependent upon the receipt of Low Income Housing Tax Credits. Many of the programs funded by the City to prevent homelessness, provide case management, shelter and other services to assist the homeless and provide services and programs to assist in the transition out of homelessness are dependent upon the receipt of McKinney-Vento Homeless Assistance funds. In addition, the on-going affordability of the subsidized housing stock is dependent upon the ongoing receipt of Section 8 project based vouchers, in order to make the units affordable to very low income households. The New Central Park Apartments will also be trying to secure Project Based Section 8 vouchers to make some of the units more affordable and assist lower income seniors. Due to the limited supply of subsidized housing units, there is also an ongoing need for Section 8 Vouchers to be used by very low income Mountain View residents to secure market rate housing at an affordable rent.

Before awarding funds for projects to be carried out by other entities such as non-profit organizations, the City will review the project budget to ensure that each agency is utilizing all available funding and is leveraging funds to the maximum extent possible. The City will not adhere to any specific matching requirements for use of City CDBG or HOME funds. The City, however, will require that organizations make the maximum effort to match the City's funds through other public and private sources.

Note:

Program income consists of loan paybacks. It is not known how much program income may be received, as all loans are structured to be repaid upon sale of the property or from residual receipts.

Capped Incomes

The City of Mountain View will continue to use the federal capped incomes (instead of the true 80 percent of median income), for determining client eligibility to receive CDBG or HOME funded housing, community development projects, public facilities or public services. The City will also use the capped income for determining the eligibility of area benefit projects. The City does not receive sufficient funding in order to expand services to include households earning more than the capped incomes.

Performance Measurement System

During Fiscal Year 2007-2008 the City will continue implementing a performance measurement system for all funded activities. The City has been working closely with non-profit organizations funded with CDBG funds to identify appropriate outputs and outcomes for each funded activity, to be used as part of an overall performance measurement system.

Two Year Budget Cycle

Beginning with Fiscal Year 2005-06, the City of Mountain View began implementing a two- year budget cycle for public service programs. Under the two-year budget cycle, public service programs that receive funding for Fiscal Year 2007-08 also received conditional funding (based on satisfactory performance during Fiscal Year 2007-08) for funding in Fiscal Year 2008-09. All programs with satisfactory performance will receive a proportional share of the available public service budget in Fiscal Year 2008-09. The two-year budget is intended to streamline the funding process, provide nonprofit agencies more certainty over their finances and reduce the administrative time that nonprofits and City staff spend on the funding process. This will allow for more staff time to be allocated to carrying out projects and providing services.

The two-year budget cycle does not apply to capital projects. Capital projects continue to be funded on an annual basis in order to take advantage of site opportunities and other situations that may come up and to fund projects when they are ready to utilize the funds, so that the City can comply with CDBG program expenditure requirements.

Relative Allocation Priorities

The City of Mountain View allocates its CDBG and HOME funds to projects and programs that will primarily serve very low income households, especially renters. The allocation of funds is made based on the identification of needs in the City's 2005-2010 Consolidated Plan, which identified affordable housing as the number one priority and very low income households, and in particular

renters, as most in need of assistance. For Fiscal Year 2007-08 the City has sufficient funds available to fund all the capital projects, which includes two housing projects, a home repair program and rehabilitation of a nonprofit agency building. Among the public service programs, funding is targeted to services that benefit the homeless and very low income seniors and other very low income households, which are identified in the Consolidated Plan as the most vulnerable and in need of assistance. Mountain View is a diverse community and there are no areas of the City that are identified as being at significantly higher need than others due to low income or minority concentrations.

Activities to be Undertaken

Provided below is a summary of the activities to be undertaken during Fiscal Year 2007-08. All activities are expected to benefit low-income persons.

Housing Activities

In order to *address affordable housing needs*, the City will:

- Work on the development of 104 new affordable apartments for very low income seniors and seniors with disabilities, at the existing Central Park Apartments site (90 Sierra Vista Avenue) (104 new senior units to be developed by September 2008.)
- Complete the rehabilitation work (replacement of kitchen/bath cabinets and countertops in 20 units) at the Sierra Vista I (1901 Hackett Avenue) family apartments (carry-over project from Fiscal Year 2004-05) (20 units to be rehabilitated by December 2007).
- Begin working on the development of an affordable family rental housing project and evaluate the feasibility of using a City-owned property at Evelyn Avenue and Franklin Street for this project (35 new family units to be developed in the future).
- Carry out minor repair/maintenance work on 15 homes owned and occupied by very low-income homeowners, pending identification of a suitable agency to carry out this program (15 housing units to have home repair work completed by June 30, 2008).
- Explore the possibility of establishing a homeownership program with the City's local housing funds, to benefit lower income first time homebuyers in Mountain View. If it is determined that such a program should be carried out, target start up of the program by Fiscal Year 2008-09.

Annual Housing Goals During Fiscal Year 2007-08

Households to be Assisted with Housing

Homeless -	4 homeless to be assisted to find permanent housing; 5 homeless persons to be assisted with transitional housing.
------------	---

Non Homeless -	65 seniors to be provided housing at the New Central Park Apartments, anticipated to be ready for occupancy September 2008.
Special Needs -	38 seniors with special needs to be provided housing at the New Central Park Apartments, anticipated to be ready for occupancy September 2008.

Type of Housing Activity:

Rental Assistance -	City does not have a rental voucher program. 15 households are anticipated to be assisted with emergency rental assistance to prevent them from losing their housing.
Production of New Units -	104 rental units for seniors at the New Central Park Apartments (<i>will be ready for occupancy September 2008</i>).
Rehabilitation of Existing Units -	20 units to be rehabilitated at the Sierra Vista I family apartments.
Acquisition of Existing Units -	None planned for Fiscal Year 2007-08.

Homeless Activities

For Fiscal Year 2007-08, the City of Mountain View plans to use its Community Development Block Grant (CDBG) money to continue funding a variety of non-profit agencies for the provision of services to the homeless, those at risk of being homeless, homeless households with children and the chronically homeless. These activities are summarized below.

Homeless Activities

In order to address the *emergency shelter and transitional housing needs* of homeless individuals (including those who are chronically homeless) and homeless families, the City will:

- Provide CDBG funds for the provision of temporary shelter to homeless Mountain View residents. (81 homeless persons to be provided shelter.)
- Continue to work on the development of the Sobrato House Youth Shelter, which will provide emergency shelter and transitional living units for homeless youth as well as a drop in service center. (Construction of Sobrato House to be completed by October 2007)

- Continue to support the Alpha Omega program, which provides case management and information/referral to homeless individuals. This program assists the chronically homeless by providing case management, assisting homeless persons to qualify for benefits and helping them to find permanent housing, so they can end the cycle of homelessness. (79 homeless persons to be provided case management and related services.)
- Continue to work with InnVision The Way Home to ensure the successful operation of the Graduate House (transitional house for 5 previously homeless persons, located at 813 Alice Avenue). (1 homeless person to successfully complete the transitional house program and move to permanent housing.)

Homeless Prevention Activities

In order to *prevent low-income individuals and families with children from becoming homeless*, the City will:

- Fund an emergency rental assistance program to prevent households from losing their housing and becoming homeless. (15 Mountain View households to be assisted with emergency rental assistance in order to prevent them from losing their housing.)
- Continue to fund emergency assistance programs, which provide services and assistance (including food) to help prevent persons from becoming homeless. (3,617 Mountain View persons to be provided emergency assistance.)
- Continue to fund the MayView Health Center, to provide affordable health care to low income persons who are uninsured or underinsured. (2,449 Mountain View persons to be provided medical care.)

Transition to Permanent/Independent Living Activities

In order to help homeless persons, including those with special needs, to *make the transition to permanent housing and independent living*, the City will carry out the following actions:

- Continue to support the Alpha Omega program, which provides case management and information/referral to about 79 homeless individuals. (4 homeless persons to be assisted to find employment and move to transitional housing.)

Activities to End Chronic Homelessness

In order to help end chronic homelessness, the City will carry out the following actions:

- Continue to fund the Alpha Omega Program which provides case management services to homeless persons, assists them to obtain benefits and helps them find permanent housing. (4 individuals to be assisted in finding employment and permanent housing).

- Continue to designate 10 units at the efficiency studios (San Antonio Place) as units for persons transitioning out of homelessness. (10 persons to be provided housing.)
- Continue to support the transitional house at 813 Alice Avenue, which provides affordable housing for homeless individuals who have succeeded in finding employment and can afford a minimal rent. The house allows these individuals the time to save funds for a rental deposit and progress in their jobs, so they can eventually move to permanent housing and end their cycle of homelessness. (5 homeless persons to be provided transitional housing.)

Activities for Non-Homeless Persons with Special Needs

In order to assist the *frail elderly, persons with disabilities and persons with alcohol and other drug addictions*, the City will:

Elderly and Frail Elderly

- Fund senior services programs, which provide seniors with case management, volunteer chore services, food, legal assistance, and other services in order to assist them to remain independent in their homes for as long as possible. (300 seniors to be served.)
- Complete construction of 104 new rental housing units for very low income seniors at the Central Park Apartments property. Construction of the units is tentatively scheduled to be completed by September 2008.

Physical or Mental Disabilities

- Continue to fund the Home Access Program, which assists low-income tenants and homeowners with disabilities to make their homes accessible – subject to finding an appropriate agency to administer this program. (5 homes to be made accessible for their occupants by June 30, 2008.)
- Designate about 39 of the 104 units of affordable housing at the Central Park Apartments available for seniors with disabilities. Units to be ready for occupancy by September 2008.

Alcohol or Other Drug Addictions

- Continue to provide General Fund support to the Community Health Awareness Council (CHAC), which provides drug and alcohol abuse prevention services and counseling to Mountain View students and their families.

Community Development Activities

In an effort to address the *community's non-housing needs* and create more livable, better functioning and more attractive neighborhoods, as well as provide for recreational opportunities in low income neighborhoods, the City will carry out the following projects:

- Continue to fund a number of public services in order to help low income persons to meet basic needs and be able to live on their limited incomes and especially for seniors, to be able to continue living independently in their homes. (2000 persons to be provided case management and other basic public services.)
- Help fund the renovation of the Santa Clara Valley Blind Center, Inc. in order to extend the useful life of the building, improve accessibility and make better use of the space in order to improve and expand the delivery of services. The Agency serves persons who are blind or losing their sight. Renovation work is to be completed by June 2008.
- Replace the playground equipment at three parks, Castro, Whisman and Rengstorff, in order to bring the playgrounds into compliance with the Americans with Disabilities Act accessibility provisions. (This is a carry-over project from Fiscal Year 2006-07. Playground equipment at the three park sites is expected to be replaced by December 2007.)

Geographic Distribution

All of the proposed public service activities for Fiscal Year 2007-08 will be provided to residents Citywide and will not be targeted to any particular areas or groups in the City. The Central Park Apartments is located at 90 Sierra Vista, the Transitional House is located at 813 Alice Avenue and the Sierra Vista I Apartments (carry-over project from the 2004-05 Action Plan) is located at 1901 Hackett Avenue. Castro Park is located at Toft Avenue and Latham Street; Whisman Park is located at Easy Street and Middlefield Road and Rengstorff Park is located at 201 South Rengstorff Avenue, on the corner of Crisanto and Rengstorff Avenues.

A City owned site at the corner of Evelyn Avenue and Franklin Street has been reserved for a future family rental housing project, subject to environmental review and approval by the City Council, once a specific project is identified and reviewed. At this point the site has been reserved so that the environmental review and other studies of the site can take place and the City Council can consider the site once all the environmental information is available.

Most of the public service programs are provided at the Community Services Agency office at 204 Stierlin Road or the Senior Center at 266 Escuela Avenue. Health care services are provided at the MayView Health Center at 100 Moffett Boulevard.

Two maps are attached showing the location of the site specific projects. Areas of minority concentration, as shown in the Consolidated Plan, will be targeted for outreach regarding homeownership and other available programs, in order to comply with the President's objective of increasing minority homeownership.

Affirmatively Further Fair Housing

The City of Mountain View has a strong commitment to fair housing practices and places a high priority on promoting and ensuring open and free choice in housing for all persons. The City recognizes that equal access to housing is fundamental to meeting essential needs and pursuing

personal, educational, employment and other goals. It is the City's intent to continue to maintain and promote a nondiscriminatory environment in all aspects of the private and publicly funded housing markets in Mountain View and to foster compliance with the nondiscrimination provisions of the Fair Housing Act. The City intends to continue its ongoing support of fair housing services.

In order to address the fair housing issues identified in the City's Consolidated Plan, during Fiscal Year 2007-08, the following activities will be carried out:

- Continue to participate in the Countywide Fair Housing Task Force.
- Participate in efforts by the Countywide Fair Housing Task Force to study lending practices in the County.
- Investigate at least 8 Mountain View housing discrimination cases.
- Carry out testing of 2 properties.
- Increase community awareness of fair housing services and rights/responsibilities by holding at least one training or informational community meeting.
- Hold at least 3 fair housing presentations for community groups or other outreach activities.
- Sponsor a community event during fair housing week.
- Continue to make fair housing brochures available at City Hall and other public facilities such as the Senior Center, Library, etc.
- Continue to publish fair housing ads in local newspapers, including non-English newspapers.
- Continue to provide a direct link from the City's web site to the fair housing agency's web site and keep the web sites updated.
- Continue to have the City's Outreach Workers distribute information (in various languages) about fair housing services to non-English speaking segments of the community.

Other Actions

Address Obstacles in Meeting Underserved Needs

In an effort to address the obstacles in meeting underserved needs, the City will carry out the following:

- Supplement available CDBG and HOME funds with Revitalization Housing Set-Aside funds and funds from the City's Below Market Rate Housing Program in order to fund affordable housing projects.

- Target outreach regarding available programs and services, to areas of the City with minority concentrations.

Foster and Maintain Decent Affordable Housing

- The City will continue to operate the home repair program, which allows low-income homeowners to maintain their homes, subject to finding an agency in the future to continue operating this program. (10 home repair jobs to be completed.)
- The City is providing CDBG funds to carry out rehabilitation work at the Sierra Vista I Apartments, in order to provide decent affordable housing for the families living there. This project was funded in Fiscal Year 2004-05 and work was delayed due to delays in obtaining the HUD lead based paint inspection report and also staffing changes at the agency. This project is currently underway and expected to be completed by October 2007.

Remove Barriers to Affordable Housing

The City of Mountain View will continue to work with neighborhood residents when new affordable housing units are proposed to be developed, in order to ensure that neighborhood questions and concerns are addressed early in the development process. This process has worked well over the years in gaining neighborhood support for affordable housing. An extensive amount of community outreach is planned in carrying out the future family rental housing project. It is anticipated that during Fiscal Year 2007-08 there will be several community meetings held regarding this project in order to identify community concerns prior to the design phase.

Evaluate and Reduce Lead Based Paint Hazards

For Fiscal Year 2007-08, the City will continue to require testing and hazard reduction in properties that are rehabilitated using CDBG or HOME funds. The City will also continue to provide informational material on lead based paint hazards. As required by federal regulations, the City has prepared a Lead Based Paint Management Plan and will carry out affected projects according to the Lead Based Paint Management Plan.

Reduce the Number of Poverty Level Families

The City will continue to support Emergency Assistance Programs, and a variety of other support services, which are used by low-income households to obtain basic necessities. The main goal shall be to prevent very low-income persons, especially those earning 30% or less of median income, from becoming homeless. The long-term goal shall be to provide more affordable housing options, so that this group is not forced to pay out all their available funds for housing, with little left over for other needs. The City will also continue to participate in the North Valley Job Training Consortium (NOVA) job-training program. In particular, the City will carry out the following activities to reduce the number of poverty level families:

- Continue to fund emergency assistance programs to prevent persons on the verge of homelessness from becoming homeless. (3,617 Mountain View residents to be provided emergency assistance services.)
- Fund an emergency rental assistance program in order to prevent households from losing their housing. (15 Mountain View households to be provided rental assistance to prevent the loss of their housing.)
- Continue to participate in the NOVA job training program and to distribute information about the program in lower income areas of the City. (50 Mountain View persons to complete the NOVA program and find employment.)

Develop Institutional Structure

- The City will continue to work with and support non-profit organizations in providing programs and services for low-income households. The City will also continue to work with private industry, in particular financial and development groups, to encourage the development of affordable housing opportunities in the City.
- The City will continue to work with the other local jurisdictions and the County in carrying out and monitoring regional projects in a coordinated and cost-effective manner and in jointly addressing issues of regional concern.
- In order to assist non-profit organizations to comply with the requirements of a variety of funding sources, the City will continue to maintain as much flexibility as possible in the awarding and administration of its CDBG and HOME funds.

Enhance Coordination between Public/Private Housing and Service Agencies

The City will continue to encourage non-profit organizations to work together and share their expertise with one another, especially agencies that provide and manage housing and agencies that provide social services.

Monitoring Performance

The City of Mountain View will continue to review, on an annual basis, the progress made in achieving the goals outlined in the Consolidated Plan and will report its progress in the annual Consolidated Annual Performance Report to HUD. The City has a monitoring plan and will continue to follow the plan in monitoring subrecipients. Subrecipients are evaluated based on experience, staff turnover, past monitoring results and other factors and on-site monitoring is conducted every year or every other year depending on level of risk. The City also conducts quarterly desk reviews of each agency's progress in meeting goals.

Foster Public Housing Improvements and Resident Initiatives

There is no public housing in Mountain View. The Housing Authority of the County of Santa Clara is not considered a troubled public housing agency.

Abandoned Buildings

There are no known abandoned or vacant buildings in Mountain View, other than those that are in the process of redevelopment. Land is very valuable in Mountain View, therefore, abandoned buildings is not a problem. Any underutilized property is quickly purchased and redeveloped.

Program Specific Requirements

HOME Matching Funds and CHDO Funds

Twenty-five percent matching funds for HOME funding will be provided from Revitalization Housing Set-Aside Funds that have been used for the efficiency studios project and Below Market Rate Housing Program funds used for the transitional house at 813 Alice Avenue. The City currently has over \$500,000 in excess match funds banked.

For Fiscal Year 2007-08 the City has \$65,179 in carry-over CHDO funds from Fiscal Year 2006-07 plus an additional \$64,870 in Fiscal Year 2007-08 CHDO funds to allocate. There are currently no eligible HOME CHDO projects, therefore these funds will be used for non-CHDO HOME projects. The City is using the excess CHDO funds that were used between Fiscal Year 2001 and Fiscal Year 2005 (\$1,102,662) toward meeting the required 15% CHDO Set-Aside for Fiscal Years 2006-07 and 2007-08. After Fiscal Year 2007-08 the City will still have \$972,613 in excess CHDO funds used and banked from prior years.

Activities Planned with HOPWA Funds

A total of \$739,000 in Fiscal Year 2007 Housing Opportunities for Persons with AIDS (HOPWA) funds is expected to be available for Santa Clara and San Benito Counties (as of Fiscal Year 2004 San Benito County was incorporated into the San Jose Metropolitan Statistical Area). The City of San Jose administers these funds and uses them to meet the service objectives of the Santa Clara HIV/AIDS Care Consortium. For Fiscal Year 2007-08 the City of San Jose has awarded \$690,000 in HOPWA (entitlement) funds as a match to the Shared Housing Assistance Placement and Support Services (SHAPSS) Program, a 3-year program that will provide affordable housing opportunities and supportive service to very low and low income Santa Clara County residents disabled by HIV/AIDS. An additional \$25,000 will be awarded to the County of San Benito Health and Human Services HOPWA Program and the remaining \$24,000 will be used by the City of San Jose to administer the program.

Performance Measure: Reduce housing cost burden for Extremely Low and Very Low income senior households.

Expected Units Over 5 Years: 100 new senior rental units to be developed.

FY 2007-08 Strategy: Continue working on the New Central Park Apartments project (90 Sierra Vista Avenue), which involves development of 104 senior rental housing units. Construction is tentatively scheduled to be completed by September 2008.

Objective: Decent Housing

Outcome(s): Affordability

Indicators: Develop 104 new apartments affordable to very low and low income seniors.

Strategy Number HS-5 – Acquisition/Rehabilitation

Explore opportunities to work with property owners and/or non-profit developers to acquire, rehabilitate and convert to affordable housing at least 50 housing units, should an appropriate property be identified.

Target Population: Extremely Low, Very Low and Low income renter households

Performance Measure: Reduce housing cost burden for Extremely Low, Very Low and Low income households.

Expected Units Over 5 Years: 50 rental units (assuming that a suitable property becomes available)

FY 2007-08 Strategy: No objective for FY 2007-08.

Strategy Number HS-6 – Rehabilitation of Affordable Housing

Preserve the existing affordable rental housing stock by using CDBG funds (and other available funding sources) to address rehabilitation needs.

Target Population: Extremely Low and Very Low income renter households

Performance Measure: Maintain housing quality standards of assisted housing and extend the useful life of the housing stock.

Expected Units Over 5 Years: 30 units minimum to be rehabilitated

FY 2007-08 Strategy: No objective identified for FY 2007-08. For FY 2007-08 the focus will be on completing objective HS-2, Rehabilitation of the Sierra Vista I Apartments.

Strategy Number HS-7 – Use Available Funds to Address Housing Needs

Whenever possible, spend at least half of the City's CDBG and HOME grants to provide housing for lower income households, homeless persons and other households with special needs.

Target Population: Extremely Low, Very Low and Low income households.

Performance Measure: Address the housing needs of lower income households.

Expected Outcome: \$2.9 Million to be allocated to affordable housing projects over the next five years.

FY 2007-08 Strategy: All housing projects that requested funding for FY 2007-08 have been funded. \$480,703 in CDBG capital project funds are being used for housing projects, representing 88 percent of the total available CDBG funds for capital projects.

Strategy Number HS-8 – Housing for Special Needs Households

Work with nonprofit agencies, other cities and the County as well as housing developers, on regional approaches to provide housing for persons with physical or mental disabilities, victims of domestic violence, and the homeless. Work toward the goal of 50 housing units for special needs groups in the region to be developed in partnership with other jurisdictions.

Target Population: Extremely Low and Very Low income special needs households (physical/mental disabilities, victims of domestic violence, homeless, etc.)

Performance Measure: Reduce the housing cost burden for Special Needs households.

Expected Units Over 5 Years: 50 housing units.

FY 2006-07 Strategy: Continue working on the New Central Park Apartments project (90 Sierra Vista Avenue), which will involve development of about 39 apartments for seniors with disabilities. Construction of the project is expected to be completed by September 2008.

Objective: Decent Housing

Outcome(s): Availability-Accessibility

Indicators: Develop 39 apartments that are accessible to seniors with disabilities at the New Central Park Apartments, referenced under Strategy HS-4

OWNER HOUSING OBJECTIVES:

Strategy Number HS-7 – Home Repairs

Continue to fund a Home Repair Program that assists low income homeowners with home repairs to maintain their homes in good condition and be able to continue living in them.

Target Population: Extremely Low and Very Low income homeowners, especially seniors and persons with disabilities.

Performance Measure: Maintain housing quality standards of housing owned by low-income households.

Expected Units Over 5 Years: 50 housing units to be repaired

FY 2007-08 Strategy: Continue to fund a home repair program, in order to assist low income homeowners to maintain their homes in good condition, subject to finding an agency capable of carrying out this program.

Objective: Decent Housing

Outcome(s): Availability-Accessibility

Indicators: 10 housing units to be repaired citywide so that low income owners can continue to live in their homes.

Strategy Number HS-8 – Outreach Regarding First Time Homebuyer Programs

Maintain and distribute information regarding First-Time Homebuyer Programs and conduct outreach in the community to inform households about the availability of the programs.

Target Population: Low and Moderate income households, especially minority households.

Performance Measure: Increase the number of Low and Moderate Income City households that are homeowners, especially minority households.

Expected Units Over 5 Years: 10 new Low and Moderate income households to become first time homebuyers (25% of these to be minority households).

FY 2007-08 Strategy: Continue to distribute information regarding the Mortgage Credit Certificate Program and any other programs that become available for first time homebuyers.

Objective: Suitable Living Environment

Outcome(s): Availability/Accessibility

Indicators: A minimum of 100 informational brochures to be distributed; 5 Mountain View households to become first time homebuyers.

Strategy Number HS-8 – Explore Opportunities to Create First-Time Homebuyer Programs

Explore opportunities to use CDBG/HOME funds for first-time homebuyer programs, including for self-help/sweat equity construction, in order to increase the number of lower income first time homebuyers.

Target Population: Low income households, especially minority households.

Performance Measure: Increase the number of Lower Income City households that are homeowners, especially minority households.

Expected Units Over 5 Years: 5 new low income households (25% minority households) to become first time homebuyers, should an appropriate program be developed.

FY 2007-08 Strategies: (1) Continue working with Habitat for Humanity on the potential of developing a sweat equity ownership project in Mountain View. (2) Explore the possibility of starting up a first time homebuyer program for low income households.

Objective: Decent Housing

Outcome(s): Affordability

Indicators: Develop around 15 affordable ownership housing units and assist 15 very low income households to become first time homebuyers through a sweat equity ownership program and/or a first time homebuyer program in the future, once a program(s) has been started up.

COMMUNITY DEVELOPMENT OBJECTIVES

COMMUNITY DEVELOPMENT STRATEGY GOALS/OBJECTIVES

Public Facilities/Infrastructure:

Strategy Number CD-1 Improve Accessibility of streets, sidewalks, public facilities

Make streets, sidewalks and City facilities accessible per the requirements of the Americans with Disabilities Act (ADA).

Target Population: Persons with disabilities

Performance Measure: Remove barriers to accessibility.

Five-Year Performance Goal: complete at least two projects involving removal of barriers, if funding is available after housing goals have been addressed.

FY 2007-08 Strategy: No objectives identified for FY 2007-08.

Objective: Suitable Living Environment
Outcome(s): Availability/Accessibility

Strategy Number CD-2 Preserve, Maintain, Increase Park Facilities and Make Accessible

Preserve and maintain existing parks and open space and when possible, increase park and open space resources and address the needs of areas that are deficient in open space, such as the San Antonio area, by taking advantage of opportunities that come up to acquire open space. Also, whenever possible, make parks accessible and in compliance with ADA standards and add improvements such as restrooms.

Target Population: Residents of lower income neighborhoods and disabled persons.

Performance Measure: Improve use and accessibility of City parks and increase park resources in lower income neighborhoods.

Five-Year Performance Goal: Complete at least two park projects in lower income neighborhoods or involving accessibility improvements, if funds are available.

FY 2007-08 Strategy: Continue working to carry out a Playground Renovation Project consisting of removal of existing play equipment and replacement with new play equipment that complies with Americans with Disabilities Act accessibility provisions, as well as accessible route of travel provisions, at three park sites: Castro, Whisman and Rengstorff parks. This is a carry-over project from Fiscal Year 2006-07. Project is currently in the design phase and construction work is expected to start by September 2007.

Objective: Suitable Living Environment

Outcome(s): Availability/Accessibility

Indicators: Continue working to make 3 park sites (Castro, Whisman and Rengstorff parks) accessible. Construction work to be completed by June 2008. 9,527 Mountain View residents with disabilities, as identified by the 2000 Census, would benefit from the proposed work.

Public Services/Facilities

Strategy Number CD-3 – Support of Public Services and Agency Facilities

Provide funding and support to a variety of public services (including maintaining agency facilities) to provide case management and help low income persons obtain basic needs such as food, shelter, clothing, and health care and help seniors survive on their limited incomes and continue living in their homes.

Target Population: Extremely Low and Very Low Income persons and seniors

Performance Measure: Provide case management and basic needs such as food, shelter, clothing, and health care in order for lower income persons to be able to live on their limited incomes and pay for housing costs.

FY 2007-08 Strategy: Continue to fund and provide a variety of public services to assist low income persons with basic needs.

Objective: Suitable Living Environment

Outcome(s): Availability/Accessibility

Indicators: 2000 Mountain View residents to be provided new access to case management and other basic public services.

Strategy Number CD-4 – Increase Public Outreach

Increase public outreach to inform the community about available programs and services. Target hard to reach groups such as seniors and provide bilingual outreach. Explore new avenues for outreach such as schools and Post Offices.

Target Population: Extremely Low and Very Low Income persons, especially minority households and seniors

Performance Measure: Target outreach to low income neighborhoods and hard to reach persons such as homebound seniors, disabled persons and non-English speaking persons.

Annual Performance Goal: Carry out two targeted outreach activities each year.

FY 2007-08 Strategy: Distribute information about available programs and services at two neighborhood meetings and use the City's Outreach Workers to distribute information to non-English speaking persons.

Objective: Suitable Living Environment

Outcome(s): Availability/Accessibility

Indicators: Distribute at least 100 Housing Handbooks which describe available services for low income persons, in order to inform persons about the services available to them. (No appropriate HUD indicator has been identified for this strategy)

ECONOMIC DEVELOPMENT

Strategy Number ED-1 – Explore the possibility of establishing job training or individual deposit account programs as a means to assist households to break the cycle of poverty and build savings for future rental deposits or as a down-payment for ownership housing.

Target Population: Extremely Low and Very Low Income households

Performance Measure: Assist Extremely Low Income and Very Low Income Households to End the Cycle of Poverty

Five-Year Performance Goal: Explore the feasibility of establishing some type of job training or asset building program and implement it if feasible.

FY 2007-08 Strategy: Due to the significant reduction in the City's CDBG grant, this objective is not being pursued at this time.

FAIR HOUSING STRATEGIES:

For all the objectives below the target population is Mountain View residents and property owners/managers as well as persons who may want to be residents of the City. The performance goal is to provide the community with information about fair housing rights and responsibilities and to investigate cases of discrimination in an effort to eliminate housing discrimination in the community.

Strategy Number FH-1: Continue to provide funding for fair housing outreach activities and case investigation.

Five-Year Performance Goal: 40 housing discrimination cases to be investigated and 25 outreach activities to be carried out.

FY 2007-08 Strategy: Continue to fund Project Sentinel to provide fair housing services.

Objective: Suitable Living Environment
Outcome(s): Availability/Accessibility
Indicators: Assist 8 persons with new access to fair housing services by investigating claims of discrimination and carry out 4 outreach activities, which will benefit the community at large.

Strategy Number FH-2: Continue to participate in a countywide fair housing task force in order to improve the provision of fair housing services on a regional basis.

Five-Year Performance Goal: Continue to attend meetings and participate in helping carry out the goals of the task force.

FY 2007-08 Strategy: Continue to participate in the meetings and activities of the fair housing task force and the provision of fair housing services on a regional basis.

Objective: Suitable Living Environment
Outcome(s): Availability/Accessibility
Indicators: Continue to have a representative at the countywide task force meetings and participate in carrying out task force activities. (No appropriate HUD indicators identified for this strategy.)

Strategy Number FH-3: Develop a systematic method for proactive fair housing testing of housing in Mountain View.

Five-Year Performance Goal: Carry out testing of at least 10 properties.

FY 2006-07 Strategy: Continue to support proactive fair housing testing of housing in Mountain View.

Objective: Suitable Living Environment
Outcome(s): Availability/Accessibility
Indicators: Project Sentinel to carry out testing of 2 properties, to ensure compliance with accessibility provisions. 9,527 Mountain View residents with disabilities, as identified by the 2000 Census, would benefit from the proposed work.

Strategy Number FH-4: Expand public outreach efforts to provide information regarding fair housing services in Mountain View, such as providing a direct link from the City's web site to the fair housing agency's web site, utilize the City's newsletter, "The View", to provide information on fair housing services, sponsor a community event during fair housing week and provide bilingual outreach material.

Five-Year Performance Goal: Carry out at least 10 new outreach activities.

FY 2006-07 Strategy: Continue to expand public outreach efforts regarding fair housing issues.

Objective: Suitable Living Environment
Outcome(s): Availability/Accessibility
Indicators: Sponsor a community event during fair housing week and one additional outreach event during the year. All Mountain View residents to benefit from obtaining fair housing information about their rights and responsibilities.

* There are insufficient CDBG/HOME funds to address all the identified needs. The City's CDBG entitlement has been declining over the past 10 years, which has resulted in less and less funding for much needed public service programs. Goals are established based on current level of funding. Additional reductions in funding will result in a reduction in the City's goals.

This table estimates the number of persons who are in need of one or more community services. The estimated dollars needed to address needs is based on current cost/person of existing services. Priority needs is based on needs data in the Consolidated Plan plus community input during the Consolidated Plan process.

Certifications

HUD Required Certifications

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about –
 - a. The dangers of drug abuse in the workplace;
 - b. The grantee's policy of maintaining a drug-free workplace;
 - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will –
 - a. Abide by the terms of the statement; and
 - b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted –
 - a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

- b. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying – To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with Plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan --Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. **Overall Benefit.** The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s), **2007-08** (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force --It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction; Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs --it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

500 Castro Street, Mountain View

Check ☐ if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace is required by 24 CFR part 21.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
